## There Is No Excuse for Not Believing in God.

Romans 1:20 presents an interesting "5 W's" concerning why no one has any legitimate excuse for not believing in God. Here is the text: "For since the creation of the world<sup>3</sup> His<sup>1</sup> invisible attributes<sup>2</sup> are clearly seen, being understood by the things that are made<sup>4</sup>, even His<sup>1</sup> eternal power and Godhead<sup>2</sup>, so that they are without excuse<sup>5</sup>"

**Who?** God. The eternal, existent One. The only one, true God.

**What?** Witnessing and knowing about God's existence and His true nature and power. The evidence and proof is more than abundant.

**When?** Since the very beginning – throughout all of time. There has never been a time when people could not know that there is a God.

**Where?** Literally everywhere the creation can be seen. It is evident and can be clearly observed and deciphered by all.

**Why?** So that we may believe. If we examine all the evidence and do not believe it, then we are without excuse.
